LEDVANCE

OSRAM 

SPOTLIGHTS & TRACKLIGHTS 2025/26

LEDVANCE is a licensee for the product trademark OSRAM for lamps & luminaire products in general lighting.

A warm, intimate photograph of a man and a woman sitting closely together on a couch. The man, with a beard and short brown hair, is wearing a teal polo shirt and smiling as he looks out a large window. The woman, with dark hair, is leaning her head against his shoulder, also smiling. They are both holding hands. The scene is bathed in soft, golden light from the window, creating a cozy and happy atmosphere. The background shows a glimpse of a modern interior with a white chair and a table.

LEDVANCE

POWER THROUGH LIGHT

A STRONG PARTNER IN THE LIGHTING INDUSTRY

LEDVANCE is a prominent player in the lighting industry, known for its innovative lighting products and smart, interconnected lighting solutions. Drawing from our comprehensive understanding of the general illumination market, current technologies, and evolving customer demands, we are committed to meeting the specific needs of both direct and indirect customers.

As a reliable local partner, we take an active role in supporting your efforts to impress customers with high-quality, long-lasting lighting concepts. Our aim is to help boost your lighting sales by offering attractive, user-friendly, and intelligent products.

Together, we can collaboratively shape the future of light – with agility, courage, speed, and flexibility. Join us on this journey as we pave the way towards a brighter tomorrow.

OUR STRENGTHS ARE YOUR ADVANTAGE

COOPERATIVE

As a dedicated and collaborative partner, LEDVANCE boasts a vast, worldwide sales team and over a century of experience, ensuring we stand by your side at all times.

VERSATILE

Modern, smart, decorative, functional, robust and practical – our extensive portfolio meets customer requirements in all categories and virtually every area of application.

SALES-BOOSTING

Attract attention, encourage purchases. We offer targeted support for your sales with creative, pre-tested marketing concepts.

CARING

We are committed to contributing to a greener planet by reducing CO₂ emissions and waste through sustainable products, solutions and processes. We empower our customers to use light more efficiently to save energy and reduce their environmental footprint.

UNIQUE

Fresh, dynamic, high-quality and bold – we know at an early stage what interests customers and where lighting trends are heading. LEDVANCE is unmistakably LEDVANCE.

INNOVATION MEETS TRADITION

We embody progress and the passion to shape the future of lighting actively. By blending our courage to explore new paths with our experience from more than 100 years of lighting expertise, we lead the way forward.

ALL IN ONE

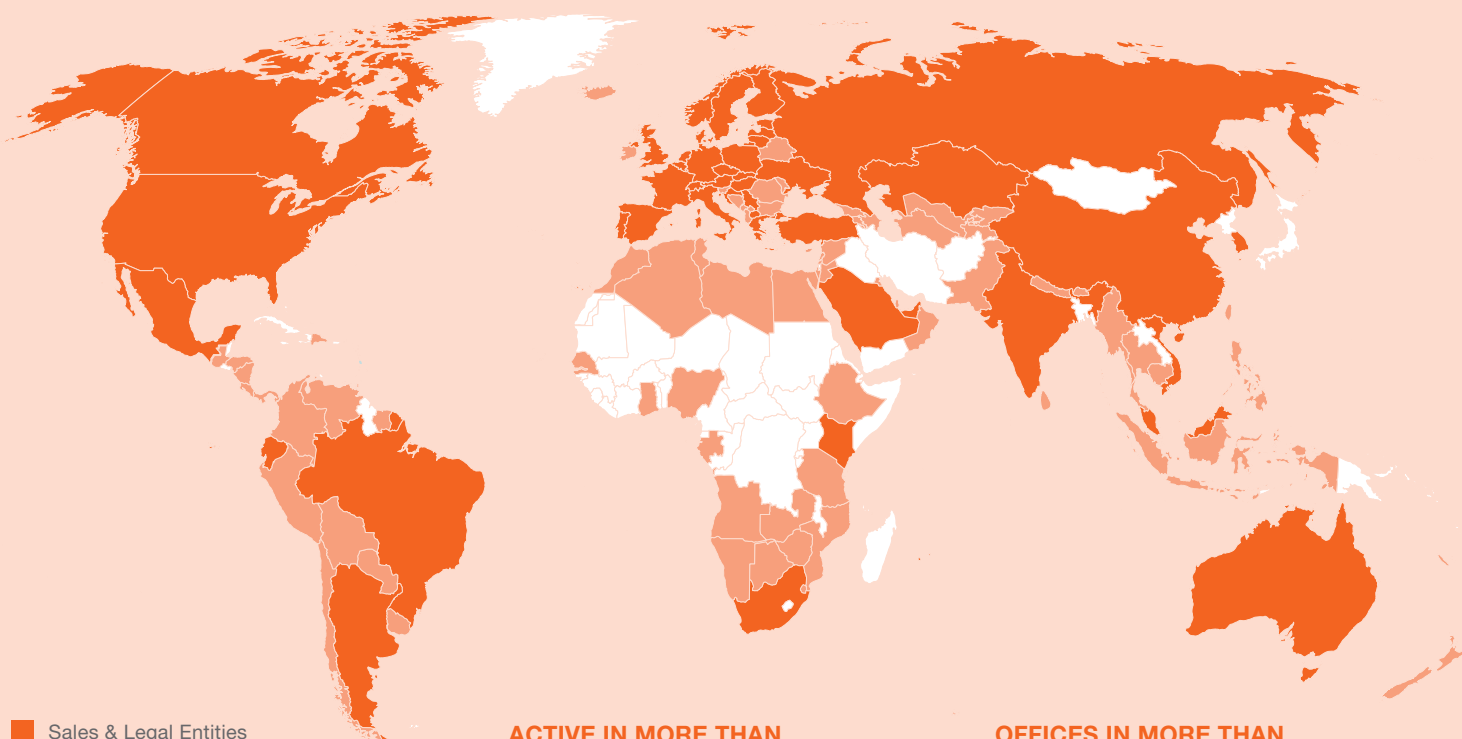

At LEDVANCE, we've got everything you need from a single source – LED luminaires, lamps, and Smart Home products. We offer you a wide range of innovative and market-driven solutions, setting new trends along the way.

FIRST-CHOICE PARTNER

As the perfect strategic ally, we offer an extensive portfolio, a robust sales network, and unparalleled global market access to fulfill all your requirements.

A person is walking away from the viewer through a large, glowing circular portal. The portal has a yellow outer ring and a red inner ring with triangular markers. The background is a deep blue space filled with stars and nebulae. The text "SUCCESSFUL WITH OSRAM PRODUCTS FROM LEDVANCE" is centered in the portal.

SUCCESSFUL WITH OSRAM PRODUCTS FROM LEDVANCE

As an exclusive licence partner, LEDVANCE offers all its general lighting solutions in the well-known OSRAM brand, creating even greater potential and generating even higher sales.

MAXIMUM BRAND AWARENESS: LIGHT MEANS OSRAM

OSRAM is the ultimate lighting expert, setting standards in lighting technology around the world for well over 100 years and epitomising quality, efficiency and progressive ideas.

INNOVATION AND TRADITION: THE CORNERSTONE OF YOUR SUCCESS

The licencing partnership with OSRAM allows LEDVANCE to offer you the best of both worlds – a well-known brand, innovative, sustainable products and a reliable partnership.

MANY PRODUCTS, ONE SUPPLIER: MORE THAN 1,500 NEW OSRAM-BRANDED PRODUCTS

LEDVANCE offers a huge selection of OSRAM-branded luminaires, lamps and smart solutions – anything from decorative luminaires and work lights to outdoor lighting. And everything from a single source.

► OSRAM-BRANDED LIGHTING SOLUTIONS. A STRONG BRAND THAT IS THE KEY TO YOUR SUCCESS.

BROUGHT TO LIGHT: OUR NEW PACKAGING

Thanks to clear brand allocation, concise product information and graphic categorisation, customers can instantly find the right OSRAM product – regardless of placement.

BAND WITH OSRAM LETTERING

for quick brand recognition

SPOTLIGHTS

Step into the world of OSRAM spotlights, where advanced lighting meets sleek design for unmatched versatility. Our collection, offering a mix of socketed spotlights and spots with LED modules, brings ideal lighting solutions to any space.

Crafted for those who value a blend of style and functionality, these spotlights are a sustainable choice, enhancing the aesthetics of your environment with ease. Each spotlight is designed to integrate seamlessly into your decor, providing targeted illumination or a soft ambient glow as needed.

Built for durability and efficiency, our spotlights are flexible for various indoor settings and come with an IP20 rating for safety. Offering an energy-efficient lighting solution without compromising on elegance, these lights are the ideal choice for functional chic in lighting design.

DECOR SPOT HORNET

Set the scene with focused light and refined form – made for functionality, flexibility, and a modern aesthetic.

- Decorative: Stylish black spotlight with a sleek metal and textile design – understated yet impactful.
- Functional: Adjustable lamp head for directional lighting exactly where you need it.
- Sustainable: Features a replaceable, dimmable OSRAM LED bulb – eco-conscious and long-lasting.
- Versatile: Ideal for indoor use in corridors, entryways, staircases, living rooms, bedrooms, and even basements.
- Easy installation: Straightforward setup in just a few steps – designed for convenience.

DECOR SPOT MOON

Set the tone with subtle curves and soft light – designed for comfort, flexibility and timeless appeal.

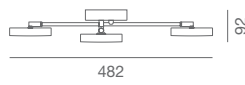

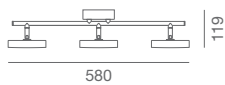

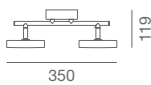

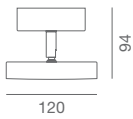

- Decorative: Metal spotlight in a sleek, minimalist design with a high-quality finish.
- Functional: The light has adjustable lamp heads; this allows the light to be distributed individually and specifically in the room.
- Pleasant lighting: Warm white light creates a cosy and inviting atmosphere.
- Easy installation: Quick assembly in just a few steps – no hassle, just light.
- Versatile: Ideal for living rooms, bedrooms, kitchens, hallways and staircases.

DECOR SPOT NEPTUNE

Create light that does more – reading, relaxing or guiding the way. This design balances clarity and comfort.

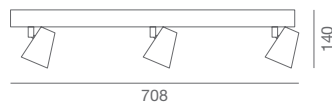

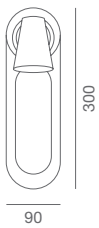

- Versatile: Highly adaptable spotlight for reliable indoor lighting in hallways, bedrooms, basements and other indoor spaces.
- Decorative design: Combines aesthetics with functionality to give any room a special atmosphere and attractive lighting.
- Easy installation: Quick and straightforward setup in just a few simple steps.
- Flexible: Adjustable head allows precise light direction for customised illumination. Click Select lets you choose whether the lighting is activated only on the canopy, only on the spot, or both via the wall switch.
- Pleasant lighting: Warm white colour temperature creates a cosy, welcoming ambience.

DECOR SPOT MARS

Stylish focus lighting in a sleek black design – perfectly suited for modern interiors and flexible arrangements.

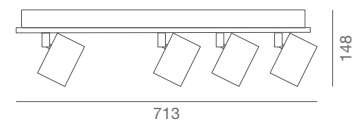

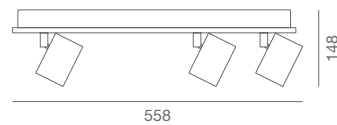

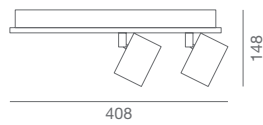

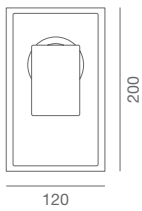

- Versatile: Highly adaptable spotlights that provide reliable lighting throughout indoor spaces like hallways, bedrooms, or basements.
- Decorative design: Combines aesthetics with functionality to give any room a special atmosphere and attractive lighting.
- Easy installation: Installing the spotlight is simple and takes only a few minutes—no hassle, just great lighting from the start.
- Flexible: The adjustable heads allow light to be directed toward specific areas, supporting different room layouts and lighting needs. Click Select lets you choose whether the lighting is activated only on the canopy, only on the spot, or both via the wall switch.
- Pleasant lighting: The warm white light creates a soft and cosy ambience, ideal for welcoming living areas.

LED SPOT PEAR

Let every corner of your home shine with our diverse range of spotlights, tailored in size and colour for a personalised lighting ambience.

- Pleasant light: The ceiling-mounted spotlight provides warm white directional light, creating a cosy and welcoming atmosphere.
- Wide choice and sustainable: Comes with a flexible GU10 head, offering easy lamp replacement and promoting sustainable use.
- Long life: Designed for longevity, these ceiling-mounted spotlights can last up to 30,000 hours, making them an energy-efficient choice.
- Practical: Installation is straightforward and quick, with all required accessories provided for setup and connection.
- IP20 protection: Optimal for indoor use in dry areas like living rooms, dining rooms, studies, and playrooms, safeguarding against contact with live parts, not designed for damp conditions.

LED SPOT OCTAGON

Bring form and function together. A sleek spotlight solution with flexible heads and reliable warm white lighting.

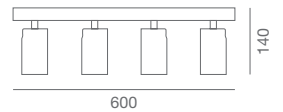

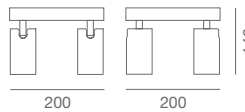

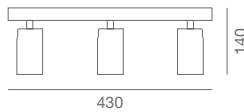

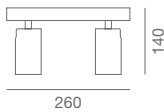

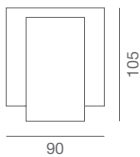

- Pleasant lighting: Our indoor lights conjure up a cosy atmosphere with their warm white light colour, ideal for relaxing evenings or socialising with family and friends.
- High-quality materials: Our indoor lights have a robust, matt finish for attractive aesthetics and long-lasting durability.
- Flexible: Replaceable LED lamps allow lighting to be adjusted without needing to replace the entire fixture.
- Versatile: Suitable for corridors, entrance areas, stairwells, living rooms, basements and bedrooms, ensuring reliable lighting anywhere indoors.
- Decorative design or dimmable lighting: Depending on the model, enjoy either elegant form or adjustable brightness for the right mood.

LED SPOT GU10

Modern flexibility meets minimal design. Swivelling spot heads and elegant nickel housing offer custom lighting where it's needed most.

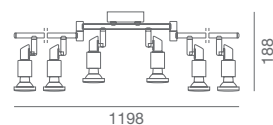

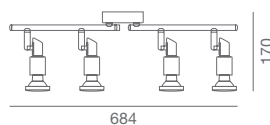

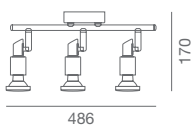

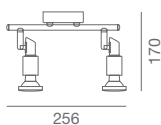

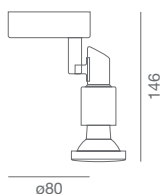

- Design: Flexible LED spotlights with pivoting heads allow light direction to be individually adjusted.
- Performance: Energy-efficient with high brightness and a focused beam for targeted illumination.
- Installation: Suitable for wall or ceiling mounting; all necessary mounting hardware included.
- Quality: Robust aluminium body with glass cover and IP20 protection for indoor spaces.
- Efficiency: Long-lasting and maintenance-free with 15,000 hours of use and 10,000 switching cycles.

TRACKLIGHTS

Illuminate and personalise your space with OSRAM tracklights, an innovative rail system offering unparalleled flexibility for unique style expressions. Our tracklights offer options with pre-integrated SMART+ WIFI LED modules, allowing effortless control via remote, app, or voice commands. Additionally, we provide versions designed for customisation with GU10 reflector lamps, ensuring endless possibilities to adapt your lighting to evolving designs and functional needs.

Directional track heads let you control your room's ambience, highlighting areas that matter most. Their sleek, modern designs enhance any interior, transforming spaces with light. With IP20 protection, they are ideal for any dry indoor environment, merging elegance with safety.

Embrace the modular versatility of OSRAM tracklights, designed to do more than illuminate—they enhance the ambience of living or working spaces, merging art with function for an enriching environment.

TRACK SYSTEM WITH LED SPOTS

FLEXIBLE, SIMPLE AND FREELY COMBINABLE!

- Multifaceted ways to combine a track system and spotlights
- Alternative to tracks: a round base for individual spots
- Huge selection of continuously slidable and alignable spots
- Base elements available in black and white
- Spots with a pre-integrated SMART⁺ WIFI LED module available along with versions without a light source that can be easily equipped with GU10 reflector lamps

THE ENTIRE SYSTEM EASY TO INSTALL – SIMPLE TO COMBINE!

1 CHOOSE THE BASE ELEMENT: A RAIL (1M) OR A ROUND BASE, IN BLACK OR WHITE

2 SELECT THE POWER POINT

Supply connector for powering the rail from the left or right end.

A supply connector is included with the rail.

Middle power supply for symmetrical solutions.

A middle power supply has to be ordered separately.

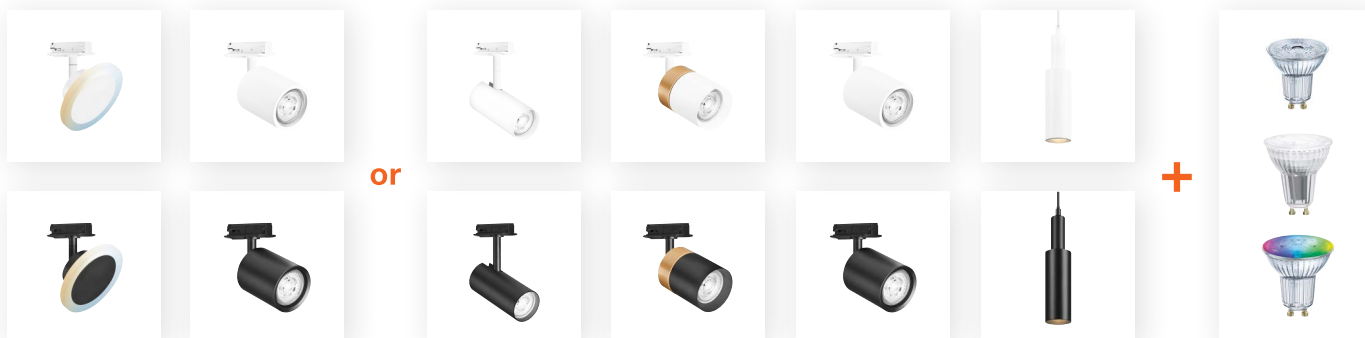

3 SELECT THE CONNECTION ELEMENT TO EXPAND THE SYSTEM

4 CHOOSE THE SPOT(S)

SMART⁺ WIFI spot(s)
incl. integrated LED module

Spot(s) without a light source
(individually equipped with smart or non-smart GU10 reflector lamps)

5 YOUR TRACKLIGHT SYSTEM IS FINISHED!

OUR VIDEO TUTORIAL

SMART⁺ WIFI TRACK-LIGHT SPOT CIRCLE

Seamlessly blend function and style with our smart tracklight spots, designed to complement your space and lifestyle.

- Ideal light: Offers adjustable white light from 3000K to 6500K, allowing customisation to personal preferences and dimmable for desired intensity.
- SMART⁺ control: Compatible with SMART⁺ WiFi remote control, smartphone app or smart speakers including Alexa and Google and more; also switchable via a light switch.
- Long life: Features a lifespan of up to 30,000 hours at 6.5 watts and up to 450 lumens for a bright, energy-saving light.
- Versatile: Perfect for indoor areas such as kitchens, living rooms, hallways, entrances, bedrooms, and home offices.
- IP20 protection: Appropriate for dry indoor environments like living rooms and studies, safeguarding against contact with live parts, not designed for damp conditions.

TRACKLIGHT SPOT CYLINDER

Designed to accommodate both standard and intelligent illumination solutions – experience smart lighting versatility with our tracklight spots.

- Flexible use: The track system luminaire head features a GU10 base, allowing for the use of either standard or smart lamp.
- Varied: Directional track luminaire head to adjust and direct light according to personal preferences.
- Stylish look: Modern, loft-like design crafted from metal and acrylic glass for a sleek appearance.
- Versatile: Ideal for indoor use such as kitchens, living rooms, halls, entrance areas, bedrooms and offices.
- IP20 protection: Offers IP20 protection which safeguards against touch by fingers and is suitable for dry indoor areas like living rooms and studies, not designed for damp conditions.

TRACKLIGHT ACCESSORIES

The perfect solution for every room design, our OSRAM tracklight accessories provides a trio of components for a fully customisable track system experience.

- Flexible use: The base station and power rail provide the foundation for a modular lighting system, accommodating individual luminaire heads or extended rail setups.
- Varied and easy installation: Each product in the series, from the single head base station to the power rail and optional pendant accessories, is engineered for effortless installation, enabling versatile lighting arrangements.
- Stylish look: The series showcases a modern, loft-like design across all components, available in black or white, with the base station and pendant accessories made of plastic, and the power rail constructed from metal for added durability.
- Versatile: Ideal for various indoor applications like kitchens, living rooms, hallways, and office spaces.
- No splash water protection: Designed for dry indoor environments and not intended for damp locations.
